CUTTING EDGE DESIGN AND HIGH QUALITY MANUFACTURING

23

Kodlin Motorcycles was established back in 1984 by visionary bike builder, Fred Kodlin. Pushing the boundaries of what a motorcycle can be, the Kodlin name has built a reputation for original bike building, cutting-edge product design and high-quality manufacturing. Now available worldwide, the Kodlin Team have created a hybrid of accessories and design - inspired by both American and European influences, Kodlin accessories have distinct fit, form and functional characteristics not found on the market today.

PCHK ROAD GLIDE

The Kodlin PCHK Road Glide was built for the 2022 Born Free Show and the annual Ride To Sturgis. High performing bagger, using our Kodlin genuine products, combined with only the best on the market. Painted by Marcel Sinnwell.

FEATURES:

- *Kodlin Elypse Turn Signal*
- *Kodlin Striped Seat*
- *Kodlin Flowbar Handlebars*
- *Kodlin Trackboards Line*
- *Kodlin 3-1 Sleek lights*
- *Kodlin License plate kit*

ELYPSE LED 2-1 TURN SIGNALS

ELYPSE 2-1 LED TURN SIGNALS

- 2-1 White Run Light and Full Contrast Amber Turn Signal.
- Super small, amazingly bright with smoked lenses
- Engineered in Germany with SMD-LED technology
- The housing is CNC machined from billet aluminum and available in black or chrome finish
- Some applications may require the use of a load equalizer
- Sold in pairs!
- Direct fit for M8 Softails 2018-up (May fit other cable operated clutch models by adding spacer.)
- EC approved

(Sold in pairs)

PART #	DESCRIPTION
K68500	Kodlin Elypse LED 2-1 Turn Signals for M8 Softails - Black
K68501	Kodlin Elypse LED 2-1 Turn Signals for M8 Softails - Chrome
K68510	Kodlin Elypse LED 2-1 Turn Signals Universal - Black
K68511	Kodlin Elypse LED 2-1 Turn Signals Universal - Chrome

ELYPSE ROAD GLIDE & LEGIT FRONT TURN SIGNALS

ELYPSE LED TURN SIGNALS FOR ROAD GLIDE MODELS

- Super small, amazingly bright amber turn signal with smoked lenses
- Engineered in Germany with SMD-LED technology
- Specifically designed to replace the bulky stock turn signals on a Road Glide
- Fits 2015-up Harley-Davidson™ Road Glide models & 2022-up Lowrider ST
- Comes in black or chromed housings
- Some applications may require the use of a load equalizer
- To add the running light function to the Kodlin turn signals (dual-function), we suggest using Kodlin part number KUS11300 or Badlands part number IHL-03
- Uses the stock bracket for installation
- EC approved

(Sold in pairs)

PART #	DESCRIPTION
K68459	2015-up Road Glide Models & 2022-up Lowrider ST Models - Black
K68487	2015-up Road Glide Models & 2022-up Lowrider ST Models - Chrome

LEGIT ELYPSE 2-1 TURN SIGNALS FOR TOURING MODELS

- White Running & full contrast amber Turn Function
- Engineered in Germany with SMD-LED technology
- CNC machined billet aluminum housings
- Chrome Plated or Black Anodized
- Fits late H-D Touring models with Batwing Fairing and Road Kings

(Sold in pairs)

PART #	DESCRIPTION
K68520	Kodlin Legit 2-1 LED Elypse Turn Signals - Black
K68521	Kodlin Legit 2-1 LED Elypse Turn Signals - Chrome

SPORTSTER S ELYPSE & NEOWISE LOWRIDER ST INDICATORS

ELYPSE 2-1 TURN SIGNALS FOR SPORTSTER S MODELS

- Super small, amazingly bright amber turn signal with smoked lenses
- Includes white running and full contrast amber turn function
- Engineered in Germany with SMD-LED technology
- The housing is CNC machined from billet aluminum, Black finish
- The use of a load equalizer might be necessary
- Direct fit for Sportster S (RH 1250 S) 2021-up models

(Sold in pairs)

PART #	DESCRIPTION

K68463	Kodlin Neowise 3-1 Bullet Indicator - Smooth - Black
K68464	Kodlin Neowise 3-1 Bullet Indicator - Smooth - Chrome

FENDER STRUT REAR ADAPTOR

- CNC machined from billet aluminum
- Covers the holes left after removal of the stock fender strut-mounted turn signals
- Fits M8 Softails. Sportster, Dyna or pre M8 Softail models may require minor modifications to the strut.
- Compatible with Kodlin Neowise 3-1 bullet rear indicators or any aftermarket lights with 8 mm mounting studs

(Sold in pairs)

PART #	DESCRIPTION
K68483	Kodlin Fender Strut Adaptor - Black
K68485	Kodlin Fender Strut Adaptor - Chrome

NEOWISE 3-1 MINI FENDER STRUTS & BATE STYLE HEADLIGHT BRACKET

NEOWISE 3-1 MINI FENDER STRUT INDICATORS

- Tiny but incredibly bright 3-1 (Run-Turn-Brake) rear indicators
- Engineered in Germany with SMD-LED technology, tinted glass with 11 mm / 0.4" diameter
- Available in black or chrome. Hardware included.
- Direct fit solution for all M8 Softails except for Fatboy, Fatbob and Lowrider ST models.
Fender strut modifications are necessary to be installed on other Softail models as well as Dyna or Sportster models. Models with side mounted license plates will need to relocate license plate mount.
- Some applications may require the use of a load equalizer
- Sold in pairs

(Sold in pairs)

PART #	DESCRIPTION
K68489	Kodlin Neowise 3-1 Mini Fender Strut - Black
K68490	Kodlin Neowise 3-1 Mini Fender Strut - Chrome

BATES STYLE HEADLIGHT BRACKET

- Converts M8 Softail Breakout or Sportster S LED headlight to fit a Bates Style headlight
- Black powdercoating finish
- Headlight needs to be bought separately

(Each)

PART #	DESCRIPTION
K68226	Kodlin Bates Style Headlight Bracket - Black
K68228	Kodlin Bracket for Sportster S - Black

3-1 TOURING & SPORTSTER REAR LIGHTS

SLEEK LIGHTS 3-1 FOR TOURING MODELS

- Super bright German engineered COB LEDs with run, turn and brake function
- Housing made from CNC machined billet aluminum
- Black or chrome finish
- Replaces rubber antenna grommets when factory antenna is relocated or removed.
- Comes with all necessary hardware for installation
- We recommend the use of the Kodlin Curved Touring License Plate Kit KUS20100 / KUS 20101 (check license plate fitment applications)
- Fits HD Street Glide 2006-2013 FLHX, 2014-Up FLHX/S; Road Glide 2009-2013 FLTRX, 2015 and-Up FLTRX/S and Road King Special 2017-Up FLHRXS

(Sold in pairs)

PART #	DESCRIPTION
K68495	Kodlin Sleek Lights 3-1 - Black

- *Kodlin Trackboards Line*
- *Kodlin Elypse 2-1 Turn Signals*
- *Kodlin 3-1 Neowise Turn Signals*
- *Kodlin Front Engine Guards*

LOWRIDER ST

Len Kodlin built this 2022 Lowrider ST in April / May of 2022 to be debuted at the Born Free Show in SoCal. Custom painted by Len Kodlin and Marcel Sinnwell to compliment that retro FXRT look. Some of the Kodlin products used for this bike were specifically designed for that new Harley-Davidson M8 Softail model. Complimenting the build were a V&H 2-1 exhaust and the Klockwerks windshield.

FEATURES:

- *Kodlin Fastback 10" Risers*
- *Kodlin Trackboards Line*
- *Kodlin Rear Crash Bars*
- *Kodlin Front Engine Guards*
- *Kodlin 2-1 Neowise Turn Signals*
- *Kodlin License Plate Kit*

DISCLAIMER

Kodlin USA Incorporated disclaims all liability for any special, direct, incidental or consequential damages, or any damages whatsoever, including, without limitation, the loss of life or limb, or damages due to bodily or personal injury, which may arise or result from the sale, installation, or use of any of its products and parts. Motorcycles, racing and modifications / customization of motorcycles are dangerous activities and can result in death, brain damage, paralysis or serious personal injury.

None of the lighting products sold are approved or comply with federal or state DOT guidelines. All lighting products, and some other products so designated, are only for off-road use. Use in any other context may result in traffic citations. You are responsible to check federal, state and local regulations before installing them on your vehicle.

The reproduction of any material from this catalog is forbidden without the written consent of Kodlin USA. Kodlin USA assumes no liability for errors in part numbers, pricing, listings, model applications or specifications. We reserve the right to change product quality, descriptions, specifications, prices and applications at any time without notice and with no further obligation.

Listed manufacturers and product model names are for reference only.

Please check our Terms and Conditions at www.Kodlinusa.com for details.
